PROFESSIONAL EXPERIENCE

Rosa Mystica Hospital
Registered Nurse

Jan 2026-June 2026

- Delivered safe, patient-centred care in collaboration with physicians and multidisciplinary healthcare teams.
- Coordinated appointments, referrals, admissions, transfers, and discharges to ensure seamless patient flow and operational efficiency.
- Maintained accurate EMR/EHR documentation while ensuring strict compliance with HIPAA and patient confidentiality standards.
- Educated patients and families on treatment plans, medications, preventive care, and discharge instructions to improve care outcomes.
- Produced timely, accurate clinical documentation for 30+ patient encounters per shift, supporting continuity of care.
- Collaborated with physicians, pharmacists, laboratory, and radiology teams while supporting telehealth coordination and clinical administration.

Accomplishments/Impact

- Achieved an 8 kg weight loss within 90 days by improving treatment adherence through patient education, lifestyle coaching, and consistent follow-up for a patient with Type 2 Diabetes.
- Improved insulin sensitivity through patient education, care coordination, and lifestyle coaching for a young adult with Polycystic Ovary Syndrome (PCOS).
- Ensured continuity of care and timely clinical intervention by coordinating medication adherence, health monitoring, and caregiver education for a 79-year-old paraplegic patient.
- Maintained 100% accurate, HIPAA-compliant documentation for 30+ patient encounters per shift, supporting quality care and efficient clinical operations.
